KAZANı Group

KAZANı Group Bünyesinde 2008 yılından beri Otomotiv Enjeksiyon kalıpları yapan firmamız, Hem kalıp hem de otomasyon makinaları imal etmektedir. İstanbul - Tuzla'da Sanayi Sitesi içerisinde bulunan 500 m<sup>2</sup> üretim alanda 25 kişilik ekipte, yılda 60 kalıp ve 15 otomasyon makinası imal etmektedir.

Firmamızda; Satış, Proje yönetimi ve Tasarım süreçlerini yöneten 5 mühendis bulunmaktadır. ISO 9001 kalite sistemine göre yönetim ve kalite anlayışı ile tüm süreçlerimizi ERP sisteme yapmaktadır. CAD Süreçlerimizde NX ve Solidworks kullanmaktadır. CAM süreçleri mizde Autodesk Powermill kullanıyoruz. CAE süreçlerimizde Autodesk Moldflow kullanmaktadır.

Temel olarak, Otomotiv iç trim parçalar, dış trim parçalar, lens ve ışık taşıyıcı kalıpları, krom kaplı ürünlerin kalıpları, 2C kalıpları, emniyet parçası kalıpları ve soft trim pres kalıpları imal etmektedir. Kalıphanemiz, 3 adet 4 eksen CNC işleme merkezi, 1 adet 5 eksen CNC işleme merkezi ile hassas ve yüksek işleme kapasitesine sahiptir.

Kalıp çeliği tedarikçilerimiz; Voestalpine, steeltec, Grodis, VSteel, Korkmaz firmalarıdır. Üstün kalite İsviçre ve Alman çelikleri kullanıyoruz. Kalıp sıcak yolluk tedarikçilerimiz; HRS, Yudo, Synventive ve Thermoplay firmalarıdır. Kalıp standart malzeme tedarikçilerimiz; Cumsa, Meusburger, Güvenal firmalarıdır. Kalıplarımızı HASCO standartında yapmakta ve Tüm Avrupa standartlarını kapsamaktadır. % 70 ihracat kapasiteli olarak çalışmaktadır.

Teklif süreçlerinizden başlayarak, kalıbin serise geçiş sürecine kadar, tam kapsamlı proje planı yapmakta ve bunu PMP onaylı sistemle yönetmekteyiz. İhracat müşterilerimizle İngilizce iletişim kurmaktayız, gerekirse şirketimizde misafir olarak ağırlamakta ya da kendimiz müşterilerimizi ziyaret etmekteyiz.

Sizde, Avrupa'ya yakın ve Dost ülke Türkiye ile çalışmanın avantajını yaşamak için bizimle irtibata geçin ve hizmetin keyfini çıkarmaya başlayın.

Kerem Mold is our company that has been manufacturing injection moulds and automation machines for the automotive industry within the KAZANI Group since 2008. With a team of 25 employees, 60 injection moulds and 15 automation machines are manufactured annually on a production area of 500 m<sup>2</sup> in the industrial area of Istanbul-Tuzla.

Our company currently employs 5 engineers who manage the sales, project management and design processes. All our processes are supported by an ERP system and are carried out with management and quality understanding according to the ISO 9001 quality system. We use NX and Solidworks in our CAD processes and Autodesk Powermill in our CAM processes. We also use Autodesk Moldflow in our CAE processes.

Essentially, we produce automotive interior trim parts, exterior trim parts, moulds for diffusing lenses and light holders, moulds for chrome-plated products, 2K moulds, moulds for safety parts and press moulds for soft trim.

Our machinery for mould making includes three 4-axis CNC machining centres and one 5-axis CNC machining centre with high precision and high machining capacity. Our steel suppliers are well-known companies such as Voestalpine, steeltec, Grodis, VSteel and Korkmaz. We use high quality Swedish and German steels. Our hot runner suppliers are HRS, Yudo, Synventive and Thermoplay. Our suppliers for standard mould material are Cumsa, Meusburger and Güvenal. We manufacture our moulds according to HASCO standards and cover all European standards. At the moment we are working with 70% export capacity.

Starting from your quotation process, we create a comprehensive project plan until the mould is transferred to series production and manage it with a PMP approved system.

English communication with our customers is a matter of course for us and, if necessary, we do not shy away from customer visits or we are pleased when our customers visit us on our premises.

If you would like to benefit from the advantages of working with Turkey, a friendly country on the border with Europe, please contact us and let us convince you of our service.

Kerem Mold ist unser Unternehmen, dass seit 2008 innerhalb der KAZANI-Gruppe, sowohl Spritzgussformen als auch Automatisierungsmaschinen für die Automobilindustrie herstellt bzw. fertigt. Mit einem Team von 25 Mitarbeitern werden jährlich 60 Spritzgussformen und 15 Automatisierungsmaschinen auf einer Produktionsfläche von 500 m<sup>2</sup> im Industriegebiet Istanbul-Tuzla hergestellt. Unserem Unternehmen beschäftigt aktuell 5 Ingenieure, welche den Verkauf, das Projektmanagement und die Konstruktionsprozesse leiten. Alle unsere Prozesse werden durch ein ERP-System unterstützt und werden mit Management- und Qualitätsverständnis gemäß dem ISO 9001 Qualitätssystem durchgeführt. Wir verwenden NX und Solidworks in unseren CAD-Prozessen und Autodesk Powermill in unseren CAM-Prozessen. Hinzu kommt noch die Verwendung von Autodesk Moldflow in unseren CAE-Anwendungen.

Im Wesentlichen fertigen wir Formen für Automobil-Innenverkleidungsteile, Außenverkleidungsteile, Formen für Streuscheiben und Lichtleiter, Formen für verchromte Produkte, 2K-Formen, Formen für Sicherheitsteile und Pressformen für softe Verkleidungen.

Unser Maschinenpark für den Formenbau verfügt unter anderem, über drei 4-Achsen-CNC-Bearbeitungszentren und ein 5-Achsen-CNC-Bearbeitungszentrum mit hoher Präzision und hoher Bearbeitungskapazität. Unsere Stahllieferanten sind Namhafte Firmen wie Voestalpine, steeltec, Grodis, VSteel und Korkmaz. Wir verwenden hochwertige schwedische und deutsche Stähle. Unsere Heißkanallieferanten sind die Unternehmen HRS, Yudo, Synventive und Thermoplay. Unsere Lieferanten für das Standardmaterial der Formen sind Cumsa, Meusburger und Güvenal.

Wir stellen unsere Formen nach HASCO-Standard her und decken alle europäischen Normen ab. Zur Zeit arbeiten wir mit 70% Exportkapazität. Ausgehend von Ihrem Angebotsprozess erstellen wir einen umfassenden Projektplan bis zur Überführung der Form in die Serie und verwalten ihn mit einem PMP genehmigten System.

Eine englische Kommunikation mit unseren Kunden ist für uns selbstverständlich und wenn nötig, scheuen wir auch keine Kundenbesuche bzw. wir freuen uns wenn unsere Kunden uns in unserm Hause Vorort besuchen.

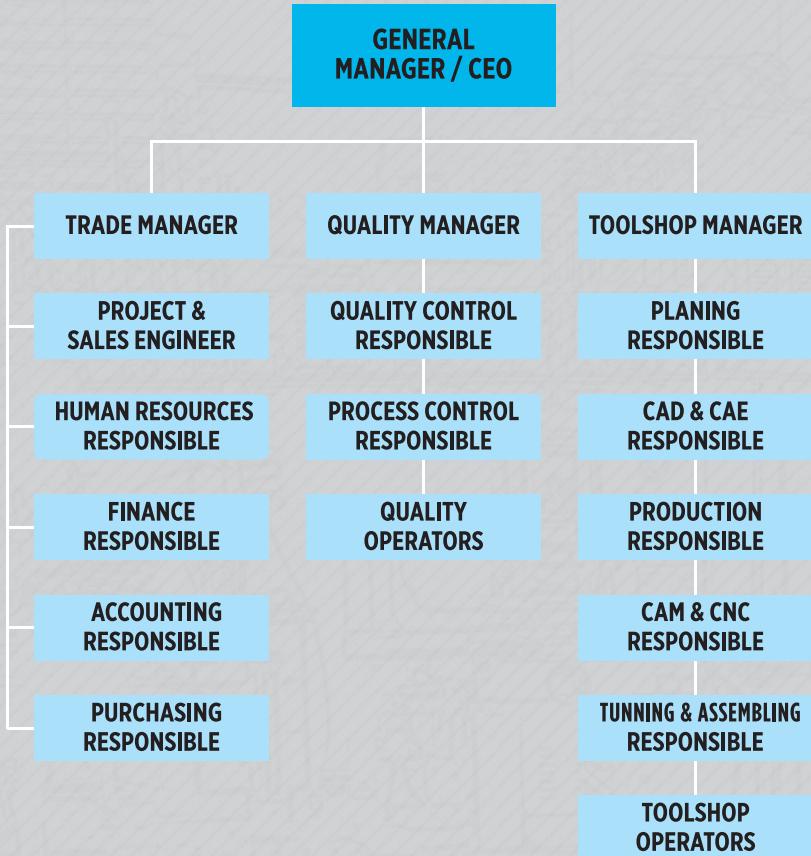

Wenn Sie die Vorteile der Zusammenarbeit mit der Türkei, einem freundlichen Land an der Grenz zu Europa, nutzen möchten, kontaktieren Sie uns und lassen Sie sich vom unseren Service überzeugen.
